

CarpetGeneral POG Remover 9452

Carpet Stain Remover

TYPICAL PROPERTIES

- Appearance: Clear liquid
- Odor: Mild
- pH: 8.0-9.0
- Weight per Gallon: 8.5 lbs/gallon

Description

CarpetGeneral® POG Remover 9452 has been formula to penetrate and removes the most stubborn oil, grease, paint, tar, crayon and lipstick stains on carpeting. It is a non-volatile solution made from a special blend of powerful solvents and surface active agents that help quickly soften and remove stubborn petroleum-based stains and spots from carpet and upholstery, leaving behind pleasant odor.

Recommended Application

- 1 Always pretest an area to be cleaned to insure compatibility with the cleaner.
- 2 Remove any solid particles and residue.
- 3 Apply POG Remover 9452 to spot.
- 4 Agitate the spotted area to penetrate carpet fibers.
Use the edge of a putty knife or butter knife to work at loosening the spot from the carpet.
- 5 After a few minutes, blot up the spot with clean terry cloth.
Work toward the middle of the spot so you don't spread it out. Use a fist to push down hard on the towel. Turn the cloth frequently to absorb spot.
- 6 Rinse the spot.
Use a spray bottle of warm water and blot up the excess with another clean terry cloth.
- 7 Repeat if necessary.

Benefits

- Quick Acting
- Easy to Use
- Removes Tough Stains

Health & Safety

Wear plastic or rubber gloves. Please see SDS for complete health and safety information.
