Weight: 8.8lbs/gal

Flash point: None

VOC: 0.4lbs/gal

pH: 12

## SHIPPING

Shipped in 1 Gallon Plastic Jug, 5 Gallon Plastic Bucket, and 55 Gallon Closed Head Plastic Drum.

# Gutter Shine

## Gutter Cleaner

### Description

Gutter Shine is a unique concentrated cleaner that is nonflammable and low VOC. It contains a blend of specialty surfactants, detergents, and emulsifiers that effectively penetrate the toughest stains from dirt, oil, grease, and bird droppings. Its thickened formulation provides excellent vertical retention, which increases the products contact time on the soiled surface. Gutter Shine is fast and effective. Gutter Shine does not contain petroleum solvents, bleach, or ammonia.

### Recommended Application

1

Wet surface to be cleaned prior to application.

2

Use 1 part cleaner to 10 parts water or 1 part cleaner to 4 parts water for heavier soils.

3

Spray cleaner onto surface and allow to sit for up to 5 to 10 minutes.  
Do not allow product to dry on surface.

4

Rinse thoroughly.

### Benefits

- Effective resin removal
- Non-chlorinated
- High flash point

### Health & Safety

Please refer to the SDS for proper safety instructions.

### Storage

KEEP FROM FREEZING! Store in a dry location at room temperature. Keep container closed and maintain all original markings and labels. Do not use aluminum or galvanized steel for storage, pumping or transfer.

### Patch Test

Always test for surface compatibility, with the cleaner, in an inconspicuous area prior to use.

### Application

Always work in the shade. You never want the soapy water to dry before it can be rinsed off.

### Coverage

Depending on dilution ratio needed, 1 gallon of Gutter Shine can provide over 200 square feet of coverage.

### **Clean Down**

Rinse equipment and brushes thoroughly with water.
