

AutoGeneral® Degreaser

Alkaline Degreaser

TYPICAL PROPERTIES

- Appearance and odor = Clear, orange liquid with a citrus odor
- pH = 9.5
- VOC (EPA 24) = 0.4 lbs/gal
- Density = 8.65 lbs/gal
- Flashpoint = None

SHIPPING

AutoGeneral® Degreaser is shipped in 1 gallon plastic jugs, 5 gallon plastic pails, and 55 gallon closed head plastic drums.

Description

AutoGeneral® Degreaser is a water-based cleaner that lends itself to many uses. It can be used to clean up oil, grease, light paint overspray, and various other soils. Its widespread utility makes it a welcome addition to any garage.

Recommended Application

1

AutoGeneral® Degreaser can be used as received or diluted with water, depending upon the nature and severity of the soils to be removed.

When diluting with water always add the product to water to avoid splashing of the alkaline solution. When used with mechanical agitation as in a floor scrubber, it can be diluted up to 5% (1:20). For routine maintenance applications like wall or floor cleaning, a mixture of one part of AutoGeneral® Degreaser to eight or ten parts water provides excellent cleaning results. Please refer to the MSDS for proper safety instructions.

2

The longer AutoGeneral Degreaser is in contact with the surface to be cleaned, the more effective the formula is at cleaning.

Benefits

- Water based
- Widespread utility

Material Compatibility

Avoid strong oxidizing agents (i.e. bleach), strong bases (i.e. ammonia) and soft metals such as aluminum at elevated temperature.

Health & Safety

Refer to SDS for complete health and safety information.
