

# AutoGeneral Glass Cleaner 5620

Ammonia Free Glass Cleaner

## Description

AutoGeneral Glass Cleaner 5620 effectively removes road grime, bugs and tough dirt on the outside of automotive glass and the oily, hazy film on the inside -- problems ordinary household glass cleaners can't always overcome. AutoGeneral Glass Cleaner 5620 is ammonia-free, safe for tinted windows, works on hot or cool glass and leaves a streak-free finish.

## Recommended Application

1

AutoGeneral Glass Cleaner 5620 is used as received.

2

Spray directly onto surface and wipe until dry with a clean cloth.

Apply as needed to maintain surface appearance.

## TYPICAL PROPERTIES

Appearance and odor = Clear,  
blue liquid  
pH = 9.5  
VOC (EPA 24) = 0.34 lbs/gal  
Density = 8.3 lbs/gal  
Flashpoint = 125 °F

## SHIPPING

AutoGeneral Glass Cleaner 5620 is shipped in 1 gallon plastic jugs, 5 gallon plastic pails, and 55 gallon closed head plastic drums.

## Benefits

Water based  
Widespread utility  
Safe for tinted windows  
Works on hot or cool glass  
Ammonia free

## Material Compatibility

Product is combustible, keep away from heat, sparks or open flames. Avoid strong oxidizing agents (i.e. bleach), strong bases (i.e. ammonia), strong acids, aldehydes and halogen compounds.

## Health & Safety

Please refer to SDS for complete health and safety instructions.

## Storage

Store in a dry location at room temperature. Keep container closed and maintain all original markings and labels. Contact with water or moist (humid) air will evolve flammable gas or vapors. Use a vented container. A clogged vent may increase pressure build up. Do not use cutting or welding torches on containers, even when empty. Containers, even those that have been emptied, will retain product residue and vapors. Do not reuse container without recycling or reconditioning. Handle empty containers as if they were full.
