

### TYPICAL PROPERTIES

Appearance = Clear, pink, thick liquid  
pH = 13  
VOC (EPA 24) = 0.6 lbs/gal  
Density = 8.8 lbs/gal  
Flashpoint = None

### SHIPPING

DeckGeneral® Deck Stripper 4021 is shipped in 1 gallon plastic jugs, 5 gallon plastic pails, and 55 gallon closed head plastic drums.

# DeckGeneral Deck Stripper 4021

Alkaline Deck Stripper

### Description

DeckGeneral Deck Stripper 4021 is unique in that it takes off both oil and latex finishes. DeckGeneral Deck Stripper 4021 is powerful enough to remove clear and semi-transparent stains, film forming clear coatings, and water sealers. It also works on deteriorated varnishes and polyurethanes and removes damaged and discolored wood fibers, mildew, and water stains.

### Recommended Application

- 1 Always pretest an area to be cleaned to insure compatibility with the cleaner.
- 2 Deck Stripper 4021 can be used as received or diluted 1:1 with water. Dilution depends upon the nature and severity of the soils to be removed. When diluting with water always add the product to water to avoid splashing of the alkaline solution.
- 3 Spray or brush the cleaner on the surface to be cleaned and agitate with a deck brush.
- 4 Allow 15 to 20 minutes for stripper to react with the surface.
- 5 Use a power washer to remove the stripper and the coating. Follow up with a DeckGeneral Wood Brightener to neutralize any residual stripper and to brighten the deck.

### Benefits

Water based  
Widespread utility  
Low VOC

### Material Compatibility

Avoid strong oxidizing agents (i.e. bleach), strong acids, and soft metals, such as aluminum.

### Health & Safety

Please refer to the SDS for proper safety instructions.

### Storage

Deck Stripper 4021 has a shelf life of 1 year from date of manufacture.
