

Product Information

Description - DeckGeneral® Down Stream Injectable Deck Stripper 4167 has been formulated for use in down stream injectors. It is unique in that it takes off both oil and latex finishes and is powerful enough to remove clear and semi-transparent stains, film forming clear coatings, and water sealers. It also works on deteriorated varnishes and polyurethanes and removes damaged and discolored wood fibers, mildew and water stains, as well.

Sub Title - Alkaline Deck Stripper for Down Stream Injectors

Typical Properties - •Appearance and odor = Clear to slightly hazy liquid •pH = 13.3 •VOC (EPA 24) = <0.1 lbs/gal •Density = 9.75 lbs/gal •Flashpoint = None

Benefits - •Water based •Widespread utility •Low VOC •Concentrated formula for use in down stream injectors

Recommended Application - Always pretest an area to be cleaned to insure compatibility with the cleaner. DeckGeneral® Down Stream Injectable Deck Stripper 4167 is used as received in a down stream injector. Spray cleaner on the surface to be cleaned. Follow up with a DeckGeneral® Wood Brightener to neutralize any residual stripper and to brighten the deck. Please refer to the MSDS for proper safety instructions.

Material Compatibility - Avoid strong oxidizing agents (i.e. bleach), strong acids, and soft metals, such as aluminum.

Shipping - DeckGeneral® Down Stream Injectable Deck Stripper 4167 is shipped in 1 gallon plastic jugs, 5 gallon plastic pails, and 55 gallon closed head plastic drums.
