

## **Product Information**

**Description** - DeckGeneral® Down Stream Injectable Wood Brightener 4441 is essential for great results after using a DeckGeneral® Deck Stripper or DeckGeneral® Wood Restorer. It has been formulated to be used in a down stream injector. Treating the project with DeckGeneral® Down Stream Injectable Wood Brightener 4441 neutralizes the surface and restores the wood's natural color and beauty. Simply spray it on, let it sit five minutes and hose it off.

**Sub Title** - Phosphoric Acid Wood Brightener for Down Stream Injectors

**Typical Properties** - •Appearance and odor = Clear, colorless liquid •pH = 0.75 •VOC (EPA 24) = 0.05 lbs/gal  
•Density = 9.8 lbs/gal •Flashpoint = None

**Benefits** - •Water based •Widespread utility •Low VOC •Concentrated formula for use with a down stream injector

**Recommended Application** - Always pretest an area to be cleaned to insure compatibility with the cleaner. DeckGeneral® Wood Brightener 4441 is diluted 1:1 with water. When diluting with water always add the product to water to avoid splashing of the alkaline solution. Apply to the area to be cleaned using a brush, roller or garden sprayer. Allow the product to soak for 5 to 10 minutes. Rinse the wood in the direction of the grain using a garden hose or a power washer at 500 to 1200 psi

**Material Compatibility** - Avoid strong oxidizing agents (i.e. bleach), reducing agents, bases (i.e. ammonia) and soft metals such as aluminum.

**Shipping** - DeckGeneral® Wood Brightener 4022 is shipped in 5-gallon plastic pails
