# CarpetGeneral® Encapsulation Cleaner 5821

Encapsulating Carpet Cleaner

#### Description

CarpetGeneral Encapsulation Cleaner 5821 is a special formula designed to break the bond between dirt, grease, grime, and carpet fibers. Our solution then holds onto the dirt and soil and allows it be vacuumed away. Encapsulation cleaning leaves no sticky residue and provides a deep clean. The majority of soil is removable by conventional dry vacuuming but oily or sticky soil can leave the carpet dull and unattractive. Encapsulation cleaning traps soil held in the carpet so stains and dirt may finally be extracted and new soil can't attach itself to carpet.

# **Recommended Application**

#### **Benefits**

- Safe on wool, upholstery and stain resistant carpet
- Improves carpet appearance
- Faster cleaning and drying times
- Can eliminate the need for re-shampooing

## Health & Safety

Please refer to SDS for complete health and safety information.

### Storage

. . . . . . . . . . . . . . .

KEEP FROM FREEZING! Store in a dry location at room temperature. Keep container closed and maintain all original markings and labels. Shelf life is 2 years from date of manufacture.
