Appearance: Clear, yellow liquid  
Odor: Mild  
pH:12.5-13.5  
Flash Point: >200°F (Tag  
Closed-Cup)  
Vapor Pressure: >0.1 mm Hg  
Specific Gravity: 1.0-1.1  
VOC:1.05-1.15 lbs/gal (EPA  
Method 24)

# Hood & Vent Cleaner 3498

Heavy Duty Degreaser

## Description

HV-3498 is a specialty formulated cleaner that is designed to cut through and remove heavy grease deposits that develop on the exhaust hoods and vents of kitchens. This is a water based product that combines both alkalinity and water miscible solvents to cut through the most difficult greases in the food service industry. The alkalinity of this product allows it to react with vegetable oils, animal fats and protein to aid in their removal.

## Recommended Application

1

### APPLY

HV-3498 is best applied by spray or high pressure to soiled areas. Use extreme caution when applying as the product is corrosive.

2

### DWELL

Once the product has been applied allow to set for 10 to 15 minutes.

3

### RINSE

Rinse with a stream of water.

## Benefits

- Non-flammable
- Works on heavy grease deposits
- Water-based

## Material Compatibility

Avoid using on soft metals.

## Health & Safety

Use PPE as directed. Refer to SDS for complete health and safety information.

## Storage

Store in a dry location at room temperature and keep from freezing.
